Cultural Studies

1. *Introduction to Cultural Studies* (3 credits)
 This course provides an overview of the field of cultural studies, exploring the relationship between culture and society. It covers key theories and methods used in the field, as well as the role of culture in contemporary society.

2. *Cultural Theory and Criticism* (3 credits)
 This course examines the major theoretical approaches to culture, including structuralism, post-structuralism, and postmodernism. It also explores the role of the critic in cultural studies and the relationship between theory and practice.

Structure

The program consists of 11 courses, totaling 36 credits. The first two courses are required for all students. The remaining nine courses are chosen from a list of approved courses, with a minimum of 100 hours of instruction required for each course. The courses are designed to provide a comprehensive understanding of the field of cultural studies, covering both theoretical and practical aspects.

3. *Cultural Studies and the Media* (3 credits)
 This course explores the relationship between culture and the media, examining the role of the media in the construction of culture and the impact of culture on the media.

4. *Cultural Studies and the Arts* (3 credits)
 This course examines the relationship between culture and the arts, exploring the role of the arts in the construction of culture and the impact of culture on the arts.

Course Categories

1.

- Cultural Theory and Criticism (3 credits)
- Cultural Studies and the Media (3 credits)
- Cultural Studies and the Arts (3 credits)
- Cultural Studies and the Law (3 credits)
- Cultural Studies and the Environment (3 credits)

CUST 2213. Cultural Theory

The first part of the course is devoted to an exploration of the history of cultural theory, from the early anthropological and sociological theories of the late 19th and early 20th centuries to the more recent developments in post-structuralist and post-colonial theory. The second part of the course focuses on the application of these theories to contemporary cultural phenomena, such as the rise of the internet, the decline of the nation-state, and the emergence of globalized culture. The course concludes with a discussion of the role of cultural theory in the study of contemporary society.

Peace Studies

1. Introduction to Peace Studies
