# Communications and Public Policy

COPP 2033 R. J. M.

Year 3

Semester 1

COPP 3013 R.

COPP 3023 E. S. R.

Semester 2

COPP 3033 P. P. M.

Year 4

Semesters 1 and 2

COPP 4006 G. S. P. P.

COPP 4016 I. R.

COPP-1013. Introduction to Communications

Introduction to Communications is a course that provides students with a comprehensive understanding of the communication process. It covers the theoretical foundations of communication, including the study of communication models, the role of communication in society, and the impact of technology on communication. Students will also explore the practical aspects of communication, such as writing, speaking, and listening skills. The course is designed to equip students with the knowledge and skills necessary to become effective communicators in a variety of professional and personal contexts.

COPP-1023. Introduction to Policy Studies

Introduction to Policy Studies is a course that provides students with a comprehensive understanding of the policy-making process. It covers the theoretical foundations of policy studies, including the study of policy models, the role of policy in society, and the impact of policy on various sectors of the economy and society. Students will also explore the practical aspects of policy studies, such as policy analysis, policy evaluation, and policy implementation. The course is designed to equip students with the knowledge and skills necessary to become effective policy analysts and implementers in a variety of professional and personal contexts.

COPP-2013. Fundamentals of Writing

Fundamentals of Writing is a course that provides students with a comprehensive understanding of the writing process. It covers the theoretical foundations of writing, including the study of writing models, the role of writing in society, and the impact of writing on various sectors of the economy and society. Students will also explore the practical aspects of writing, such as writing techniques, writing styles, and writing genres. The course is designed to equip students with the knowledge and skills necessary to become effective writers in a variety of professional and personal contexts.

COPP-2023 Policy Making in the Information Age (POLS 2333)

Policy Making in the Information Age is a course that provides students with a comprehensive understanding of the policy-making process in the information age. It covers the theoretical foundations of policy making, including the study of policy models, the role of policy in society, and the impact of policy on various sectors of the economy and society. Students will also explore the practical aspects of policy making, such as policy analysis, policy evaluation, and policy implementation. The course is designed to equip students with the knowledge and skills necessary to become effective policy makers in a variety of professional and personal contexts.

COPP-2033. Research Methods

Research Methods is a course that provides students with a comprehensive understanding of the research process. It covers the theoretical foundations of research, including the study of research models, the role of research in society, and the impact of research on various sectors of the economy and society. Students will also explore the practical aspects of research, such as research techniques, research styles, and research genres. The course is designed to equip students with the knowledge and skills necessary to become effective researchers in a variety of professional and personal contexts.

COPP-3013. Rhetoric

Rhetoric is a course that provides students with a comprehensive understanding of the rhetorical process. It covers the theoretical foundations of rhetoric, including the study of rhetorical models, the role of rhetoric in society, and the impact of rhetoric on various sectors of the economy and society. Students will also explore the practical aspects of rhetoric, such as rhetorical techniques, rhetorical styles, and rhetorical genres. The course is designed to equip students with the knowledge and skills necessary to become effective rhetoricians in a variety of professional and personal contexts.

Public Policy: COPP 2013, COPP 2023, COPP 2033.

**COPP-3023. Ethics and Social Responsibility**

This course explores the ethical and social responsibilities of public relations practitioners. It covers the history of public relations, the role of public relations in society, and the ethical challenges faced by public relations professionals. Public Policy: COPP 2013, COPP 2023, COPP 2033.

**COPP-3033. Public Policy and the Media (POLS 3213)**

This course examines the relationship between public policy and the media. It covers the history of public policy, the role of the media in public policy, and the ethical challenges faced by public relations professionals. Public Policy: COPP 2013, COPP 2023, COPP 2033.

**COPP-3043: Business Communications and Marketing**

This course explores the relationship between business communications and marketing. It covers the history of business communications, the role of business communications in marketing, and the ethical challenges faced by public relations professionals.

**COPP-4006. Case Studies in Public Policy**

This course examines public policy through case studies. It covers the history of public policy, the role of public policy in society, and the ethical challenges faced by public relations professionals. Public Policy: COPP 3013, COPP 3023, COPP 3033.

**COPP-4016. Internship**

This course provides students with a practical experience in public relations. It covers the history of public relations, the role of public relations in society, and the ethical challenges faced by public relations professionals. Public Policy: COPP 3013, COPP 3023, COPP 3033.

CRIM 4906 History of the Judiciary

3.0 C 4000

History of the Judiciary  
The history of the judiciary in Canada is a complex and fascinating story. It begins with the early colonial courts and the influence of British law. Over time, the judiciary has evolved into a powerful branch of government, playing a crucial role in the development of Canadian law and society. This course explores the historical context and the impact of the judiciary on Canadian history.

**CRIM-1013. Introduction to Criminology**

This course provides an overview of the field of criminology, including the study of crime, criminal behavior, and the criminal justice system. It covers the historical development of criminology, the social and cultural context of crime, and the role of the criminal justice system in society. Key topics include the definition of crime, the measurement of crime, the causes of crime, and the impact of crime on individuals and communities. The course also explores the role of the police, the courts, and the corrections system in the criminal justice process.

**CRIM-1023. Introduction to Criminal Justice**

This course provides an overview of the criminal justice system, including the roles of the police, the courts, and the corrections system. It covers the historical development of the criminal justice system, the social and cultural context of crime, and the role of the criminal justice system in society. Key topics include the definition of crime, the measurement of crime, the causes of crime, and the impact of crime on individuals and communities. The course also explores the role of the police, the courts, and the corrections system in the criminal justice process.

**CRIM-2013. Early Criminological Theory**

**CRIM-3123. Contemporary Issues in Criminal Justice**

This course examines contemporary issues in criminal justice, including the impact of technology, the role of the media, and the challenges of the criminal justice system. It covers topics such as the death penalty, capital punishment, and the role of the jury. The course is designed to provide students with a comprehensive understanding of the current issues in criminal justice. Prerequisites: CRIM 1013, CRIM 1023.

**CRIM-3143. Charter Rights and Criminal Justice**

This course explores the relationship between the Charter of Rights and Freedoms and the criminal justice system. It examines the impact of the Charter on the rights of the accused, the role of the courts, and the challenges of balancing individual rights with the interests of society. The course is designed to provide students with a comprehensive understanding of the Charter and its impact on the criminal justice system. Prerequisites: CRIM 1013, CRIM 1023.

**CRIM-3153. Criminal Behaviour**

This course examines the factors that influence criminal behaviour, including biological, psychological, and social factors. It explores the role of the criminal justice system in addressing criminal behaviour and the challenges of rehabilitation. The course is designed to provide students with a comprehensive understanding of the factors that influence criminal behaviour and the role of the criminal justice system. Prerequisites: CRIM 2243.

**CRIM-3223. Criminal Procedure**

This course examines the criminal procedure process, from the investigation and arrest to the trial and sentencing. It explores the rights of the accused and the role of the courts. The course is designed to provide students with a comprehensive understanding of the criminal procedure process. Prerequisites: CRIM 1013, CRIM 1023.

# Digital Journalism and New Media

*[Faint, illegible text, likely bleed-through from the reverse side of the page]*

## Digital Journalism and New Media Major

*[Faint, illegible text, likely bleed-through from the reverse side of the page]*

### JOUR-1113. Fundamentals of Effective Writing

*[Faint, illegible text, likely bleed-through from the reverse side of the page]*

### JOUR-1023. The Message: Great Stories of Journalism

*[Faint, illegible text, likely bleed-through from the reverse side of the page]*

### JOUR-2033. Local Reporting, Global Media

*[Faint, illegible text, likely bleed-through from the reverse side of the page]*

• The course will explore the power of narrative in journalism and how it can be used to tell stories that matter.

### JOUR-3033. The Power of Narrative

This course will explore the power of narrative in journalism and how it can be used to tell stories that matter. Students will learn how to write compelling narratives that engage readers and inform them about the world around them.

### JOUR-3143. Documentary

This course will explore the art and craft of documentary filmmaking. Students will learn how to research, write, and produce a documentary film that tells a powerful story and sheds light on important issues. The course will cover everything from scriptwriting to editing and distribution.

### JOUR-3153. Digital Journalism

This course will explore the latest trends in digital journalism, including data journalism, multimedia storytelling, and social media. Students will learn how to use digital tools and platforms to reach a wider audience and tell stories in new and innovative ways.

### JOUR-3163. New Media and Social Change (COPP)

This course will explore the impact of new media and social media on society and culture. Students will learn how to use these platforms to advocate for social change and hold powerful institutions accountable.

### JOUR-3173. Interviewing and the Art of Inquiry

This course will explore the art and craft of interviewing. Students will learn how to ask questions that elicit interesting and revealing answers, and how to build rapport with interviewees. The course will cover everything from preparation to follow-up.

### JOUR-4106. Senior Seminar in Journalism

This course will provide students with a comprehensive overview of the journalism profession. Students will learn about the history and evolution of journalism, the current state of the industry, and the challenges and opportunities ahead. The course will also explore the role of journalism in society and the importance of ethical journalism.

### JOUR-4116. Journalism in the Field

This course will provide students with hands-on experience in journalism. Students will spend time in the field, working on real-world projects and reporting on current events. The course will cover everything from research and reporting to editing and publishing.
