

# Aquinas Program

The Aquinas Program is a first-year program that provides students with a strong foundation in the liberal arts and the natural sciences. While the program is designed to be challenging, it is also designed to be rewarding. The program is designed to be challenging, but it is also designed to be rewarding. The program is designed to be challenging, but it is also designed to be rewarding.

First-year students register for the Aquinas Program as part of the first-year registration process. At that time, the Aquinas sections for 2013-14 will be established.
