SCWK-2013. Introduction to Social Welfare (S)

An examination of the history, philosophy, and development of social welfare as a social institution in New Brunswick and elsewhere. Analysis of the institution and its relationship to the history, philosophy, and values of the profession of social work.

SCWK-2033. Introduction to Social Work Fields of Practice (F)

This is a survey course for all students interested in social work, curious about the relevance of arts and social science disciplines to social work fields of practice, and/or who wish to explore the profession as a potential career choice. Students will be introduced to the values, ethics, history and requirements of professional social work practice, with particular emphasis on social justice issues. Students will also have an opportunity to explore the various social work fields of practice.

SCWK-2503. Research Strategies in Native Studies (NATI)

Surveys various research strategies from Anthropology and Sociology and assesses their applicability to, and compatibility with, Native Studies. Considers special protocol and ethical questions in research on Native Peoples. Prerequisite: NATI 1006 or by special permission of instructor.

SCWK-3843. Suicide and Indigenous Peoples (NATI)

Suicide is, and has been for nobody knows how long, rampant in indigenous populations in Canada. Despite well-publicized projects targeting specific communities, none of the interventions have been able to demonstrate any positive effect; if anything, the problem continues to worsen. We examine critically the field of Suicidology as it applies to the Native Peoples of Canada and suggest reasons why efforts to intervene have failed.
